## Purified & Refined Saturated Fatty Acid (정제포화지방산)

### Refined Stearic Acid(정제 스테아르산)

|                       |                                     |
|-----------------------|-------------------------------------|
| <b>Trade Name</b>     | JNF-800                             |
| <b>Composition</b>    | Palmitic Acid 55%, Stearic Acid 45% |
| <b>Appearance</b>     | White bead                          |
| <b>Application</b>    | Cosmetics or other industrial use   |
| <b>Package</b>        | Container of 20kg                   |
| <b>Major Customer</b> | AMORE PACIFIC (2009~)               |
|                       | Cosmax (2008~)                      |
|                       | Aekyung (2000~)                     |
|                       | LG (2009~)                          |
|                       | Pigeon(2008~2013)                   |
|                       | Kolmar Korea (2011~2013)            |

### Specification

| Brand<br>Item               | JNF-800     |
|-----------------------------|-------------|
| Color (Lov)                 | 0.6R/1.2Y   |
| Acid Value (mg/g)           | 205 ~ 211   |
| Saponification Value (mg/g) | 206 ~ 212   |
| Iodine Value (g/100g)       | 0.5 or less |
| Melting Point (°C)          | 54 ~ 56     |
